

## Golf

Greenkeepers, Course Managers and Golf Course Superintendents rely on the Barenbrug Sport grass seed range designed for golf courses.

# ULTRAFINE 30

## Golf greens, tees, fairways, bowling greens

- Contains 30% Barolympic which has an outstanding mean score of 8.6 for close-mown turf
- Excellent combination of three red fescue varieties.

### MIXTURE:

30% Perennial ryegrass  
20% Chewings red fescue  
50% Slender creeping red fescue

### USAGE:

Overseeding and construction of fine turf with moderate wear; golf and bowling greens; tees and fairways

### FEATURES & BENEFITS:

*Barolympic* is the market-leading cultivar ryegrass for summer sports use. It is ranked with a score of 8.6 in Table G4 of Turfgrass Seed 2024, the highest mean score in the entire publication, and comfortably above the next best variety in this close-mown test.

*Barolympic* is ranked #1 for pale colour and for fineness of leaf in Table G4. This makes it exceptionally easy to blend in with other grass species, such as red fescue or annual meadowgrass.

The red fescue cultivars *Bodega*, *Viktorka* and *Barpearl* are strong performers, ranked #11, #10 and #12 in their respective tables in Turfgrass Seed, and help to maintain outstanding aesthetics and density.

## Specifications

|                 |                           |
|-----------------|---------------------------|
| Sowing rate     | 25-35g m <sup>2</sup>     |
| Oversowing rate | 15-25g per m <sup>2</sup> |
| Sowing depth    | 8-12mm                    |
