The ultimate all-rounder, ideally suited for multi-use sports pitches such as winter sports pitches that are then used for cricket outfield through the summer, sport fields, grounds and pitches.

FEATURES & BENEFITS:

The highlight of this blend is *Barbasten*, rated #3 in BSPG Turfgrass Seed for winter sports pitches under wear. Its proven performance as a hard-wearing ryegrass gives you the confidence that your pitches will be sustained throughout the season.

Cultivars like *Barbasten* and *Baromario* are selected for excellent performance on both BSPB Turfgrass Seed tables S1 and L1, demonstrating the adaptability for multiple use sports fields and variable seasonal mowing heights.

MULTI SPORT is formulated to utilise a high proportion of seed produced here in the UK – reducing the carbon footprint of delivering this product to market.

Barorlando and *Barcristalla* are proven, all-round high performing varieties. But where they differ is that they combine dark green genetic colour and high wear tolerance, giving this blend a deep green colour.
